

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Traffic Resolution Amendment - Angle Parking on West Side of Hutchins Street between Oak and Walnut Streets, Fronting Hutchins Street Square

MEETING DATE: August 19, 1998

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council amend Traffic Resolution 97-148 by adopting the attached resolution to approve installation of angle parking on the west side of Hutchins Street, between Oak and Walnut streets.

BACKGROUND INFORMATION: Hutchins Street between Oak and Walnut streets, fronting Hutchins Street Square, was widened as part of the building project. The width provided was in conformance with the adopted setback for Hutchins Street which provides for an ultimate four-lane street. However, it will be many years before this width is needed.

The Square is in need of parking in order to reduce the impact of various events on the surrounding neighborhood and has requested that angle parking be installed along this frontage. Angle parking will provide fifteen additional parking stalls over parallel parking along this frontage, as shown on the attached exhibit. Given the circumstances at this location, staff is in complete agreement with this request and recommends approval.

FUNDING: Street Maintenance Account.
